

FOUNDERS' AGREEMENT

Playmates Ltd
TIN: 148145368

This Agreement is made on this day of, 2026

Between:

1. Frank Ngabonziza ("Co-Founder")
NID: _____
2. Astelie Ngarambe ("Co-Founder")
NID: _____

Together referred to as the "Founders"

Business Concept

The Founders agree to collaborate on the development and growth of Playmates, an EdTech platform focused on interactive learning for children across Rwanda and Africa. This platform includes digital games, language learning and curriculum-aligned education tools. Both Founders commit to contributing their expertise, time and resources toward ensuring the platform's success and growth.

Ownership Structure

The ownership of Playmates Ltd is allocated as follows: Frank Ngabonziza holds 50% equity and Astelie Ngarambe holds up to 50% equity, structured to reflect both strategic and performance contributions. Specifically, Astelie Ngarambe's equity consists of 35% Strategic Equity, granted at signing for her non-cash contributions and 15% Performance Equity, which is earned upon completion of agreed milestones. This structure ensures fairness and incentivizes active participation in the business.

Contributions

Frank Ngabonziza, as Co-Founder, is responsible for product development and engineering, ownership of the platform, technical infrastructure and overall execution leadership. His role ensures that the Playmates platform functions efficiently and scales effectively.

Astelie Ngarambe, as Co-Founder, is responsible for brand strategy, marketing, and business development partnerships. Her focus is on expanding Playmates' reach, forming strategic collaborations, and increasing the platform's business impact.

Intellectual Property

All ideas, products, designs, code and other materials developed for Playmates are the sole property of Playmates Ltd. Neither Founder may use, replicate, or take the business concept outside of the company without prior agreement. This ensures the company retains exclusive ownership of its intellectual property.

Confidentiality

All business information must remain strictly confidential. No Founder may share sensitive information with third parties without the written consent of the other. These confidentiality obligations continue even after a Founder ceases involvement with the company.

Founder Commitment

Both Founders agree to actively contribute to the business and fulfill their respective roles. If a Founder becomes inactive for an extended period without mutual agreement, any unearned equity may be forfeited. This ensures that all ownership stakes reflect actual participation and contribution to the company's growth.

Share Transfer

No Founder may sell, transfer, or otherwise dispose of their shares without the approval of the other Founder. This protects Playmates Ltd from unwanted third-party ownership and preserves the integrity of the original ownership structure.

Decision Making

Day-to-day operational decisions are handled by each Founder within their respective areas of responsibility. Major decisions, including but not limited to strategic direction, equity adjustments, partnerships or significant financial commitments, require the agreement of both Founders. This ensures collaboration and alignment on key business matters.

Governing Law

This Agreement is governed by and constructed in accordance with the laws of the Republic of Rwanda.
